**General Comment:**

On 11/1/2022, Reclamation Specialist Trujillo inspected SG Interests' Federal 12-89-7 1 location in Gunnison County, Colorado.

The following compliance issues were observed during this inspection:

-Stormwater

Refer to the "Stormwater" section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

**Location**Overall Good: ☐**Signs/Marker:**

Type	OTHER		
Comment:	<p>Pursuant to conditions attached to Form 4 #401721716, Operator is required to post a sign at the location entrance identifying that a variance has been approved to delay reclamation on the Location.</p> <p>Pursuant to Form 4 #403094304, the delayed interim reclamation variance has been extended, with reclamation required no later than September 11, 2024; variance signage at location entrance requires updating to reflect new termination date.</p>		
Corrective Action:	Update variance signage to reflect new termination date.	Date:	12/02/2022

Comment

Previous inspections observed stabilization concerns along the slopes of the Location, resulting in large crack formations and soils sloughing.

It was observed in this location that cracks along the perimeter of the Location are beginning to re-develop.

Continue to monitor slopes, conduct work as necessary to ensure slopes remain stabilized and mass soil migration is mitigated.

<p>Comment: It was observed in this inspection that there are areas where Operator appears to have installed a slope drain. Soils on the slopes have been left bare and at risk to erosion degradation. Temporary BMPs required to ensure slopes remain stabilized, until long-term stabilization is achieved. See photo 3.</p> <p>Corrective Action: Comply with 1002.f and install stormwater and erosion control BMPs at bare slopes of the Location. Ensure controls are installed per good engineering practices, and maintained in proper functioning condition.</p>						Date: 11/11/2022
