Comment: This location does not comply with Rule 1004. Reclamation rules require reclamation activities to be conducted within twelve months of plugging on non-cropland. Well was plugged 10/05/1972. During this inspection, COGCC Staff observed that there was oil and gas equipment still on site (e.g. two pipes) near the northern portion of the location. The pipes are now considered debris and need to be properly disposed of. Refer to attached inspection photos.
