Landowner wishes to retain site as is. Area is prone to significant flooding rendering the land inaccessible. Retaining the lease roads and land in current conditions provides the landowners with access to their property to

conduct their business.

Magpie is currently working with Landowner to obtain all necessary documentation and will follow up with appropriate documents to the COGCC.

COGCC Decision: **Not Approved**

COGCC Representative: Corrective action to Comply with 1004 Rules has not been completed per Operator documentation. If the surface owner wishes to retain the access road, the Operator will need to request a variance through a Commission Hearing per Rule 502. The corrective action stands to Comply with 1004 Rules.
