Inspection Photos
Location Name: ROHN 9-60/14A
Location ID: 457136

Photos 1 & 2. Photos depict trash and debris observed throughout the location during inspection. Photo 1 taken near entrance; Photo 2 taken near sediment trap.

Inspection Photos
Location Name: ROHN 9-60/14A
Location ID: 457136

Photo 3. Taken near the western portion of the location, facing north. Photo illustrates tumbleweeds piled up against equipment.

Inspection Photos
Location Name: ROHN 9-60/14A
Location ID: 457136

Photo 4. Facing north from topsoil stockpile. Photo illustrates the stockpile has been temporarily stabilized with evidence of drill rows and crimped straw mulch.

Inspection Photos
Location Name: ROHN 9-60/14A
Location ID: 457136

Photo 5. Facing south from topsoil stockpile. Photo shows stormwater BMPs (e.g. perimeter ditch and berm, and sediment trap, etc) have been installed during the construction phase of the location.

Inspection Photos
Location Name: ROHN 9-60/14A
Location ID: 457136

Photo 6. Facing east from sediment trap, see comments in Photo 5.

Inspection Photos
Location Name: ROHN 9-60/14A
Location ID: 457136

Photo 7. Facing west from sediment trap, see comments in Photo 5.

Inspection Photos
Location Name: ROHN 9-60/14A
Location ID: 457136

Photo 8. Facing northeast from the southwest corner of location, see comments in Photo 5.

Inspection Photos
Location Name: ROHN 9-60/14A
Location ID: 457136

Photo 9. Facing south from northwest corner, see comments in Photo 5.

Inspection Photos
Location Name: ROHN 9-60/14A
Location ID: 457136

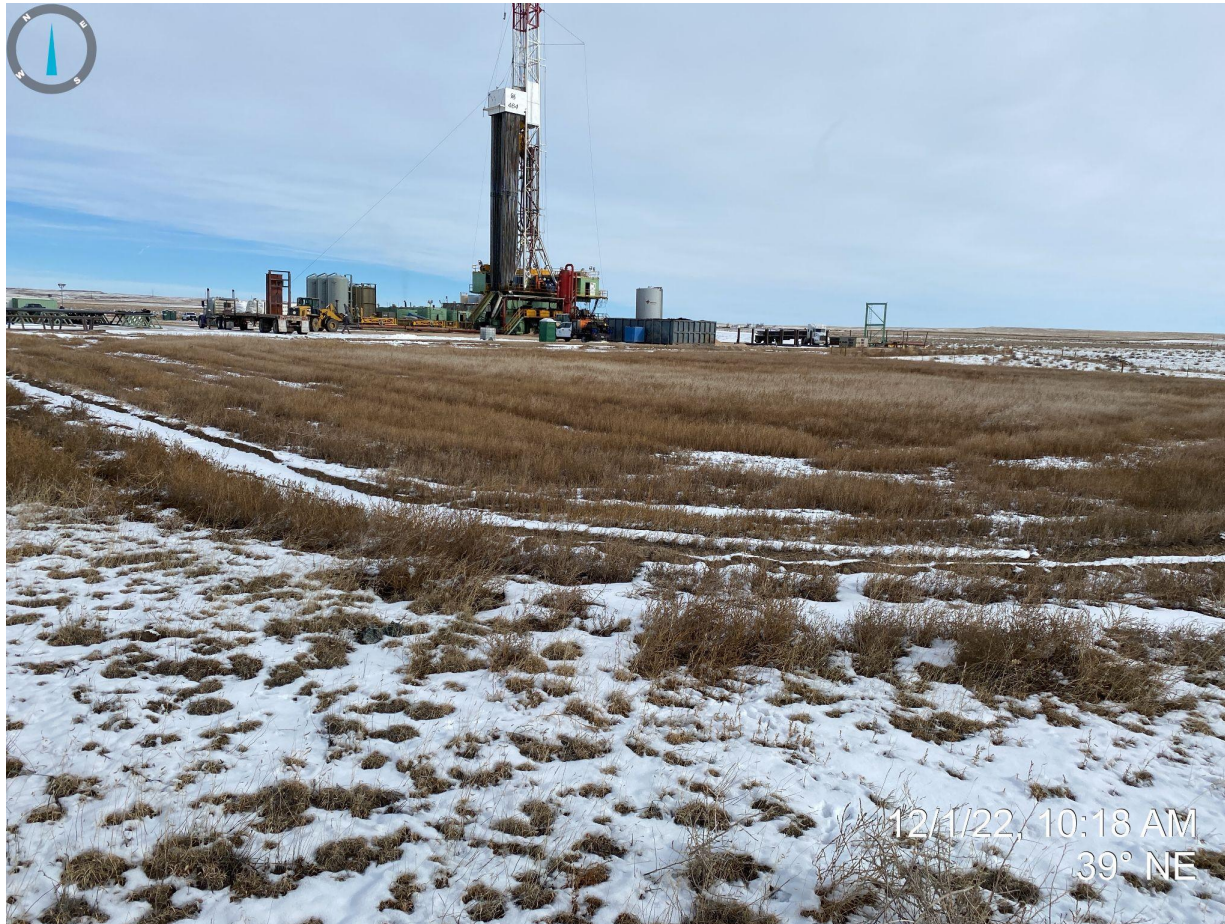

Photo 10. Taken from the southwest corner of location, facing northeast. Photo illustrates presence of undesirable vegetation (e.g. russian thistle and kochia) in a portion of the interim area of the location. A follow-up interim reclamation inspection will be conducted at a later date to ensure compliance with 1003 Rules.
