Operator Comments:

This sundry is being submitted for the following purposes.
On conducting pit reconciliation operations with COGCC Staff, ENR has determined that this onsite pit, #105175, for the State of Colorado 44-16 location is no longer in existence. According to aerial footage and internal stormwater inspection documentation, the pit appears to have been closed by the previous operator prior to assuming ownership in 2018. ENR cannot find any digital or physical records of the pit closure work, but is attaching a Form 27 document that was drafted in 2003, but appears to have never been submitted.
Evergreen is requesting that the pit record be updated to reflect the current state of the facility.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
