

FINAL GRADE POINTS			
POINT #	ELEVATION	NORTHING	EASTING
4001	4308.80	1254807.41	3740523.75
4002	4308.84	1254829.27	3740498.32
4003	4308.86	1254844.90	3740495.18
4004	4308.86	1254839.55	3740475.91
4005	4308.97	1254836.48	3740476.70
4006	4310.40	1254805.65	3740453.02
4007	4310.06	1263721.64	3741455.76
4008	4311.56	1263832.23	3741734.64
4009	4314.56	1264111.10	3741624.05
4010	4313.06	1264000.51	3741345.18
4011	4310.14	1263721.55	3741455.55
4012	4310.13	1263721.43	3741455.85
4013	4313.83	1263825.89	3741737.15
4014	4313.99	1263834.92	3741741.43
4017	4311.48	1264004.92	3741343.43
4018	4311.60	1263998.90	3741341.11

Wellhead location:
40.027439, -102.851363

Project Component	Disturbance Area (Acres)	Interim Reclamation Area (Acres)
Existing Road	4.63	N/A
New Road	3.43	N/A
Well Pad	2.57	0.50
TOTAL	10.63	0.50

The final plan for this well pad is subject to results from stratigraphic testing anticipated in Q2 of 2023. There will be no permanent equipment other than the wellhead that will remain long-term for this stratigraphy well.

Washington, County Colorado

Denova 1
