RE: Linnebur #2 well
NW SE 31-3S-59W
Adams County

Gentlemen:

A field inspection of the captioned well indicates the well remains shut in. Please submit intent to plug on the Sundry Notice Form 4 by September 25, 1992.

It has been approximately two years since the adjacent Linnebur 2-R was completed. It was the Commission's understanding that the captioned well would be plugged upon production of the Linnebur 2-R.

Please post a well identification sign at the Linnebur 2-R wellsite. Your cooperation is appreciated.

Sincerely,

Eddie B. Binkley
Engineer
