SOLO OIL & GAS CONS. COMM.

For the past year we have been implementing a computerized system with all production and well records for the State of Colorado. We are now at the point where we are going through all the well files that have been completed as producers (app. 16,000). In the process of entering the technical well information on the computer, we are encountering gaps and/or discrepancies in the data. We have developed this form for requesting information to complete or correct our records. Some of the forms or information we are asking for may be redundant, but we have made every effort to find the information and it was either lost or never received by this office. Many of the requests pertain to information for a different formation, so please check to make sure you send information on the most current completion.

<u>WELL NAME</u>	<u>LOCATION</u>
UPRR-Linnebur #1 SWNE	31-35-59W
UPRR-Linnebur #3 SE NE	

FORM 4

 Status: (Shut-in Producing P&A'd or Temporarily Abandoned)
 Notice of subsequent comingling.
 Other:

FORM 5
