Date of work November 21, 1974

Our application to drill was submitted for a location 2120' FNL & 1780' E. of WL of NE/4 of Sec. 31-3S-59W. The location was staked at the above footage location; however, in order to conform to a permitted location, the stake was moved 40' East & 30' North of the above described location. The well stake is now located 2090' FNL & 1820' E. of WL of NE/4. The moving of the stake was witnessed by Mr. Harvey German of Berry Construction Co.

This report is filed as confirmation that the well will be drilled at the legal permitted well location.
