Dear Sir:

This is your FINAL NOTICE to bring the wells listed above into compliance with COGCC Rule 317.a.(8). which states "all such reclamation work shall be completed within six (6) months of plugging a well". Commission Engineer Dave Shelton sent you a letter on May 11, 1993 requiring final site restoration no later than June 15, 1993. My inspection conducted on May 10, 1994 found the wells still in non-compliance. If the wells are not brought into compliance by June 17, 1994 the matter will be set for hearing before the Colorado Oil & Gas Conservation Commission.

If I can answer any questions or clarify what we require, please feel free to contact me.

Sincerely,

Larry Robbins
Petroleum Engineer
