Comment: There is an unused tank battery with associated surface equipment, as well as an electrical meter box used by KPK south of the location.

Corrective Action: \_\_\_\_\_ Date **05/01/2023**

Comply with Rule 1004. Reseed disturbance areas using a seed mixture requested by the surface owner, or a mixture prescribed by the local county NRCS. Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of reference area levels. Ensure erosion controls are implemented to stabilize the seeded soil. Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management.

Final reclamation activities shall be complete no later than 5/1/2023 or as soon as environmental conditions will permit.

Overall Final Reclamation

Fail

Well Release on Active Location ☐Multi-Well Location ☐

### COGCC Comments

Comment	User	Date
Note- the corrective action to remove equipment has passed and it does not appear the Operator has started to conduct an investigation per the 900 Series Rules. COGCC has not heard from KPK regarding the corrective actions and KPK has not submitted a FIRR response per Rule 210.b.	binschusc	12/27/2022
