EVIDENCE OF FINANCIAL CAPABILITY

Provide evidence that the Operator is financially capable of meeting the timelines required by Rule 434.d.(4) for its Plugging List. (If this space is inadequate, provide as an attachment.)

Brown Oil & Gas, LLC is an operator in good standing, who is fully bonded under the current rules, and has no outstanding, delinquent, or overdue financial obligations relating to the Commission, or its vendors, contractors, royalty owners, or other parties. Brown has complied with the insurance requirements as provided for under COGCC Rule 705. Brown is a privately held, solvent company whose operations meet the standards set forth in COGCC rules. Brown has regularly conducted remediation/reclamation operations and is the owner and operator of certain equipment that it uses to plug and abandon wells. COGCC records would show, Brown has averaged plugging 1 well per year over the previous three calendar years. In 2021, Brown has P&A'd 2 wells. Brown believes this publicly available evidence satisfies the requirements put forth by Rule 434.d.(4). Based on the timeline put forth under the rules, and the number of wells Brown has placed on the Out of Service (OOS) list, the evidence clearly illustrates Brown's current and historic ability to comply with its obligations and plug the three wells placed on OOS by 12/31/2027.
