Dear Mr. Yoast:

In May 1965, you wrote advising us that your No. 1 Cannon well, located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ , Sec. 10, Township 6 North, Range 85 West, had been shut in because of the weather, and that you hoped to start drilling the first week of June 1965.

What is the present status of this well, and what are your future plans for it?

Thank you for your early attention to this matter.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
