COLO. OIL &amp; GAS CONS. COMM.

Oil & Gas Commission  
Denver, Colo.

Dear Sir:

00544852

My partner was supposed to take care of all the paper work so that is the reason I have not done it. The Hoast cannon well situated in North County near Steamboat Springs is 2134 ft deep hit granite.

I want to test the sands above next summer starting in the latter part of June.

Sincerely yours  
Leonard Yeard
