CORRECTIVE ACTIONS:

1 CA# 166772

Corrective Action: Comply with Rule 1004.a. to remove all surface equipment. Date: 12/22/2022

Response: CA COMPLETED Date of Completion: 01/03/2023

Operator Comment: Under the terms of the original Right-of-Way Agreement the landowner takes ownership of any equipment left on the premises if not in service for one year. The landowner has acknowledged these terms and will be arranging for the removal of the water storage tank and all other above ground appurtenances located on the ROW in the next 30 - 45 days. The tank and equipment depicted in the FIRR are of a water storage tank for water collected in the underground pipeline and is not a tank associated with a previous wellsite battery. The electrical box is associated with a tank battery operated by Kerr McGee Oil & Gas Onshore LP which was abandoned &

reclaimed several years ago. The landowner will also arrange for the removal of this equipment.
