Hi Steve,

Following up on our text conversation, we ran into metal on the Bain 1 (05-123-05191) at 5032'. We will move the plug that was supposed to be from 5920-5720' up to 5032'-4832' and proceed with the plan per the approved Form 6 after that.

Thanks,

**Sheldon Mullet**
