Operator Comments:

This location sundry is being submitted to satisfy staff's request for wildlife BMPs due to HPH in relation to Form 2 approvals.

Avoidance Measures

For the initial wells to be drilled in 2023, operator is scheduled to commence drilling operations in February due to an April 2023 lease expiration. However, subsequent planned wells will be scheduled to be drilled outside of Dec 1 through April 30.

Operator will delay drilling and completion operations to the latest extent practicable during the spring months impacting the Winter Pronghorn and/or Mule Deer migration(s).

Frac operations for the initial 2-4 wells are not scheduled to occur during the spring months.

Subsequent frac operations for the remaining 4 wells will be scheduled to occur outside of the spring months impacting the Winter Pronghorn and/or Mule Deer Migration(s).

Minimization Measures

Operator shall install structural controls to mitigate noise impacts from both drilling and production activities that may include, but are not limited to, sound walls, insulation, and mufflers.

Operator shall shield lighting inwards and downwards, away from Mule Deer Winter Concentration and Pronghorn Winter Concentration High Priority Habitats.

Operator will minimize truck traffic during subsequent winter months to be concentrated during the 9am-3pm time window.

Operator will limit speeds along the location route when pronghorn and/or deer herds are observed.

No illegal hunting will occur at any time.

Planning drilling and completion operations to occur 2 hours after sunrise and to end 2 hours before sunset.

Consultation with the CPW

1/3/23 – Phone conversation with CPW and Enerplus to discuss BMPs and Minimization measures

Timeline for Drilling and Frac of Initial Wells

Operator plans to drill between 2-4 wells beginning on the last week of February 2023.

Frac operations for the initial 2-4 wells are not planned until August 2023.

I hereby certify all statements made in this form are, to the best of my knowledge, true, correct, and complete.
