OPERATOR COMMENT AND SUBMITTAL

Comment: The ECD is used as needed, and it is not "unnecessary equipment." The ECD is connected / placed into service whenever needed to control air emissions in the event that CDPHE regulatory thresholds are exceeded. TEP stands ready to reduce air emissions as may be needed at this location. Reducing air emissions is being protective of public health, safety, and welfare, and the environment which is in alignment with the goals and mission of COGCC. The corrective action has been addressed.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
