General Comment:

COGCC Inspection Report Summary
 On Monday 2/6/2023, I, Inspector Scott Ramsey, conducted a follow up inspection at TEP Circle B1, at Location # 335001 in Garfield county Colorado.
 Any Corrective Actions from previous Inspections that have not been addressed are still applicable.
 While there, I observed normal production operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management. Operator (TERRA) has provided there Piceance Basin Storm water Manual of BMP's (SC-4) for a tracking pad.
 Some C/A's from previous inspections document # 700703380 have not been completed.
 During this inspection the following compliance issues were observed:
 1. Stored/unused equipment remains from previous inspection.
 2. Holes in tank secondary containment.
 3. Two different emergency contact number on tank at well heads.
 4. Well head signage is faded and some is illegible.
 Refer to photograph of observed compliance issue.

A follow up on this site inspection may be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.
 This is a summary of inspection report.

LocationOverall Good: ☐**Signs/Marker:**

Type	OTHER		
Comment:	Separator units include attached storage tanks. The sight glass located on the side of the unit indicates the storage tank is full of fluid. Labeling or markers are present to identify a potential hazard or the contents of the storage tank.
