Gentlemen;

Enclosed please find Colorado Oil & Gas Conservation Commission's Form 4 (Sundry Notices and Reports on Wells) reporting the plugging and abandonment of the Arnold "C" #1. The plugging procedure was verbally approved by Hac Morral on December 20, 1982. Also enclosed, please find Colorado Oil & Gas Conservation Commission's Form 5 (Well Completion or Recompletion Report and Log), a cement verification invoice, and a copy of the DST report. Both logs were sent directly by Gearhart. TXO requests that this information be kept confidential.

Should you have any questions regarding these forms, please contact me at the above number.

Sincerely,
