General Comment:

Reclamation Inspector Kasen Huwa. This is a Final Reclamation Inspection for the well and its associated tank battery. The well was plugged and abandoned on 12/12/2017.

Inspection for overall Final Reclamation is In Process due to field being harvested so crop height could not be compared. Tank battery is addressed under Inspection document 708000208, Location ID 329679.

Comment:

The well location and flowline appear to meet final reclamation regulations and standards, and appears reflective of reference areas. Unable to find evidence of oil and gas activities and/or disturbances. Tank battery is addressed under Inspection document 708000208, Location ID 329679.

Inspection for overall Final Reclamation is In Process due to the field being harvested so crop height could not be compared. Reinspect during the mature growing season in 2023.
