Proposed Background  
Sample Location

Approximately 10' x 10' x 6'  
deep excavation

Proposed Soil Screen along  
each of four sidewalls and  
bottom of hole. Soil Sample  
taken from highest  
screening location, unless all  
screenings pass field test,  
then one soil sample taken  
for Soil Suitability for  
Reclamation taken at  
excavation bottom near  
wellbore.
