Mr. Robert W. Searth
c/o J. M. Huber Corporation
P. O. Box 831
Borger, Texas 79006

Dear Mr. Searth:

We would appreciate receiving, at your convenience, samples of the produced water from the No. 1 Pyles and the No. 1 Stubbs wells in the Brandon Field.

There will be facilities available to us where the samples can be analyzed.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO

Frank J. Piro, Deputy Director
