Photo 7: Photos taken from the east end of the Location, facing northwest to north. Photos examples showing areas on the north end of the Location that are not reasonably needed for production. Interim reclamation including, but not limited to, removal of gravel/road base, compaction alleviation, replacement of soils and revegetation required.

Photo 8: 2009 Google Earth aerial imagery of the Location. Arrow shows unknown equipment existing on the north end of the Location.

Photo 9: 2022 Google Earth Aerial imagery. Unknown equipment identified in Photo 8 has been removed. Red Polygon represents a 75' buffer around the northern-most well(s). Northern areas no longer necessary for production.
