RE: Saltwater Disposal #1: NW SE Sec. 5-T19S-R45W
NW Brandon Unit #2-I: NE NE Sec. 5-T19S-R45W
NW Brandon Unit #5-I: NE SE Sec. 5-T19S-R45W

Dear Sir:

This is to acknowledge your letter of May 22, 1990 requesting an extension of our May 14, 1990 deadline to pressure test or plug and abandon the Brandon and NW Brandon Unit injection wells. The Commission will grant you one (1) extension of sixty (60) days. Therefore, the injection wells listed above are required to be pressure tested or plugged and abandoned no later than July 13, 1990. If you decide to test any well, notification must be given to the Commission prior to conducting the test so that we may have the opportunity to witness it.

If you have any questions feel free to contact me.

Very truly yours,

Larry Robbins
Petroleum Engineer
