Commission**

Department of Natural Resources

Inspection Photos  
Location Name: Little Lady 21/South Well Pad  
Location ID: 462919

**Photo 1.** Photo taken from the southern location, facing South. Photo illustrates that it appears trash blown off location has been picked up.

**Photo 2.** Photo taken from the western location, facing West. Photo illustrates previously identified unused equipment. Operator indicated a potential need; therefore, the Compliance Specialist is requiring a plug on the risers. Note- risers are disconnected from any potential gas source.

Inspection Photos  
Location Name: Little Lady 21/South Well Pad  
Location ID: 462919

**Photo 5.** Photo taken from the eastern location, facing North. Photo illustrates a spill of what appears to be non-E&P exempt waste from a Mobil Pegasus SAE 40 container. This will need to be reported to CDPHE and this appears to be a violation of Rule 906.  
Note- it does not appear any action has been taken since the previous inspection.

**Photo 6.** Photo taken from the eastern location, facing East. Photo illustrates stained soil/spill related to the compressor.  
Note- it does not appear any action has been taken since the previous inspection.

**Inspection Photos**  
**Location Name: Little Lady 21/South Well Pad**  
**Location ID: 462919**

**Photo 7.** Photo taken from the eastern location on 2/10/2023. Photo illustrates poor housekeeping, as diesel fuel has spilled onto the ground.  
Note- Operator has not installed secondary containment for materials handling and spill prevention practices for this piece of equipment.

**Photo 8.** Photo taken from the eastern location on 2/10/2023. Photo illustrates netting is in disrepair. Remove and properly dispose fluids from within the secondary containment.  
Note- Operator has not addressed this corrective action.
