Fort Morgan, Colorado 80701

Dear Dick:

Re: #2-A Blomenkamp
C SE SW 17-3S-56W

We had a phone call yesterday from Carl Houy's office informing us that you have finished re-plugging and/or stopped the flow of water from the #2 Blomenkamp well. We plan to go out there in a day or two to inspect the location.

We are enclosing some OGCC Forms 4, and ask that you describe the work that you performed on this well so that we may have a record for the well file and for our information.

If you have any questions in this regard, please advise.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

James A. McKee
Associate Petroleum Engineer
