General Comment:

This is a joint inspection with CDPHE Water Quality Control Division. CDPHE was conducting a compliance evaluation inspection of Confluence DJ LLC locations and COGCC staff attended. COGCC will not issue any corrective actions that would also be a corrective action for CDPHE.

The below are potential observations being addressed by the CDPHE.

1. Petroleum/oil outside of containment
2. Berm on the south and west perimeter not maintained
3. Bare spots observed on the topsoil stockpile
4. Concrete spoils along the southeastern corner
5. Stabilization on the east perimeter of location
6. Petroleum/oil stains observed on the ground
7. Sediment accumulation in the vehicle tracking control pad

LocationOverall Good: ☐

TRANSECT RESULTS OF DISTURBED AREA% _____

TRANSECT RESULTS OF REFERENCE AREA% _____

TOTAL % OF DESIRABLE VEGETATION COVER _____

VEGETATIVE COVER _____

1003 f. Weeds Noxious weeds? _____

Comment

Undesirable plant species (tumbleweeds) were observed throughout the entire perimeter of location. Refer to Photos 3-4, 7 and 9.

Note- Operator is still conducting drilling operations. Operator shall comply with interim reclamation timing requirements.

Corrective Action

Comply with Rule 606.c. to keep the location free of all undesirable plant species. Note- it is COGCC's expectation that some of these areas will be reseeded with perennial vegetation that would out compete the weeds and it also serves to stabilize the soils. Since reseeding is a potential option, COGCC is allowing for favorable environmental conditions to reseed but it shall be completed as soon as possible but no later than May 1, 2023.

Date **05/01/2023**

Overall Interim Reclamation Fail

Final Reclamation/ Abandoned Location:
