RE: West Fork Unit
Washington County, Colorado
Injection well testing/plugging deadline

Dear Sir:

This is to acknowledge your letter of July 17, 1990 requesting an extension of our August 19, 1990 deadline to pressure test or plug and abandon the West Fork Unit injection wells. The Commission will grant you one (1) extension of sixty (60) days. Therefore, the following West Fork Unit injection wells are required to be pressure tested or plugged and abandoned no later than October 19, 1990.

West Fork Unit 2: NENW 19-3S-55W	West Fork Unit 12: SESE 24-3S-56W
West Fork Unit 3: NWNE 19-3S-55W	West Fork Unit 14: SESW 19-3S-55W
West Fork Unit 5: SWNW 19-3S-55W	West Fork Unit 16: NENE 25-3S-56W
West Fork Unit 6: SENW 19-3S-55W	

If you decide to test any well, notification must be given to the Commission prior to conducting the test so that we may have the opportunity to witness it.

If you have any questions, feel free to contact me.

Very truly yours,

Larry Robbins
Petroleum Engineer
