Comment: This location does not comply with Rule 1002.f. Sediment laden stormwater has discharged off location along the southern perimeter and onto adjacent lands. Rill and gully erosion was observed throughout the location, originating northwest of the western most pit. Operator needs to install sufficient erosion and sediment control BMP in accordance with good engineering practices, immediately. Refer to attached inspection photos for documentation.						Date: <u>03/14/2023</u>
Corrective Action: Immediately install or repair required BMPs per Rule 1002.f. in accordance with good engineering practices. Submit photo documentation within FIRR once work is completed.						
Pits: <input type="checkbox"/> NO SURFACE INDICATION OF PIT
