Gentlemen:

Documents have been received by the Colorado Oil and Gas Conservation Commission showing you are the operator of this well. The Commission's Rule 304 requires that a bond or acceptable security be posted with this office for purposes of future abandonment of a well or wells. A single well requires a bond of \$5,000; a blanket bond in the amount of \$30,000 will cover all wells in the State of Colorado.

The Commission will be glad to assist you with the details including several options. Please contact James A. McKee, Supervising Petroleum Engineer, at (303) 866-3531. In the event that you do not post the required bond or acceptable security in compliance with Rule 304 within thirty (30) days of this letter, the Commission will take further action against you to assure compliance with Rule 304.

Very truly yours,

  
Dennis R. Bicknell  
Senior Petroleum Engineer
