**Photo 12.** Facing southeast from the sediment trap on the east side of the location. Per Wildlife BMP/COA #16 on the Approved Form 2A (Doc #401891544) "The operator agrees to install raptor perch deterrents on equipment, fences, cross arms and pole tops in plains sharp-tailed grouse habitat". During this inspection, Staff did not observe any raptor perch deterrents on the perimeter fences; this photo illustrates one example.
