

Stormwater Inspection

Date: 03/31/2023

Operator: SCHNEIDER ENERGY SERVICES INC - 76840

Location ID: 317498

Inspection Document #: 708200091

Weld County, CO

SWNW Section 14 T7N R60W

Dylan Edwardson
Reclamation Specialist, COGCC

COLORADO
Oil & Gas Conservation
Commission

Department of Natural Resources

Inspection Photos

Location Name: April- 67N60W 14SWNW

Location ID: 317498

Photo 1. Sediment trap and straw wattles installed in the area previously experiencing erosion issues. It appears the Stormwater BMPs will be sufficient at controlling and managing stormwater for this location.

Inspection Photos

Location Name: April- 67N60W 14SWNW

Location ID: 317498

Photo 2. Rip rap structure/water bar placed at the entrance to the pad.

Inspection Photos
Location Name: April- 67N60W 14SWNW
Location ID: 317498

Photo 3. Straw wattles placed as check dams within the eroded areas. Blow sand from high winds have accumulated within the straw wattles and will require maintenance to ensure the BMPs are properly functioning.

Inspection Photos

Location Name: April- 67N60W 14SWNW

Location ID: 317498

Photo 4. Sediment trap installed at the southern end of the location appears to have been stabilized with rip rap material.

Inspection Photos

Location Name: April- 67N60W 14SWNW

Location ID: 317498

Photo 5. Additional sediment trap placed within the recently reclaimed portion of the location.

Inspection Photos

Location Name: April- 67N60W 14SWNW

Location ID: 317498

Photos 6 & 7. Taken from the southern end of the location. It appears the operator has removed the sediment that migrated off location and installed straw wattles as BMPs. Maintenance on straw wattles will be required to remove deposited blow sand.

Inspection Photos
Location Name: April- 67N60W 14SWNW
Location ID: 317498

Photo 8. Berm and ditch BMPs appear to have been compacted and additional BMPs have been implemented (check dams within ditch and straw wattles placed on the exterior portion of the berms).

Inspection Photos
Location Name: April- 67N60W 14SWNW
Location ID: 317498

Photo 9. See comments in Photo 8.

Inspection Photos

Location Name: April- 67N60W 14SWNW

Location ID: 317498

Photo 10. Facing southeast from the northwest corner of the location. Straw wattles will need to be maintained to ensure they are properly functioning in the future.

Inspection Photos

Location Name: April- 67N60W 14SWNW

Location ID: 317498

Photo 11. Road maintainer/drag observed being stored on location and will need to be removed. As a reminder, locations cannot be used to store equipment.
