COGCC Inspection Report Summary

On Tuesday 4/11/2023, I, Inspector Scott Ramsey, conducted a follow up inspection at Caerus PCU 296-17A3, at Location # 316302 in Rio Blanco county Colorado.

Any Corrective Actions from previous Inspections that have not been addressed are still applicable.

While there, I observed normal production operations. This location is within or in close proximity to a CPW Density/High Priority Habitat, black bear, NSO habitat, Wildlife Management Area. Operator (Caerus) has provided documentation of their Best Management Practices for Sediment Tracking Controls.

C/A's from previous inspection document # 700702853 have been completed.

During this inspection the following compliance issues were observed:

1. Some areas of location show signs of lack of stabilization which in turn can lead to tracking issues.
2. 4 unmarked anchors.

Refer to photograph of observed compliance issue.

A follow up on this site inspection may be conducted to ensure the compliance issues have been corrected to comply with COGCC rules. This is a summary of inspection report.
