Financial Assurance	<p>I have reviewed all 17 pairs of Intent and Subsequent documents involved in your transfer. I have noted below some issues that will need to be resolved before we can approve the transfer.</p> <p>Problem 1: For the following 15 Subsequent documents (402887795, 402890468, 402890487, 402890493, 402890516, 402890528, 402891430, 402891448, 402891495, 402891516, 402891587, 402891604, 402891631, 402891662 and 402891690), the Wells and Facilities Transferred spreadsheets listed the current operator as Scout Energy Management LLC. This is incorrect since the transfer has not been approved.</p> <p>Solution 1: Please resubmit all 15 of the Wells and Facilities Transferred spreadsheets listing the current operator reflected in COGIS.</p> <p>Problem 2: For the last two Subsequent documents (402891710 and 402891752), the Incidents Transferred spreadsheets listed the current operator as Scout Energy Management LLC. This is incorrect since the transfer has not been approved.</p> <p>Solution 2: Please resubmit both of the Incidents Transferred spreadsheets for subsequent document #402891710 and #402891751 listing the current operator reflected in COGIS.</p> <p>Problem 3: There are Related Wells and Facilities that are not accounted for in the transfer.</p> <p>Solution 3: I have attached a workbook that lists the Related Wells and Facilities that are not accounted for. In order for the transfer to be approved, the Related Wells and Facilities must be accounted for by one or a combination of the following options:</p> <p>Solution 3a: Add the well and location to the Wells and Facilities Transferred list in the Subsequent.</p> <p>Solution 3b: Generate and submit a Related Wells and Facilities – Not Transferred List. If not transferring the wells and facilities, the COGCC will also require a Seller Retains Responsibility Attestation. Guidance for this attestation can also be found in the attachment.</p> <p>Problem 4: In the same workbook as referenced in Problem 3, there is a list of Related Incidents that are not accounted for. Most of these incidents are Unresolved Field Inspections with Corrective Actions. These corrective actions may or may not have been resolved. FIRs with outstanding corrective actions are transferable items that must be accounted for in the Form 9 in one or both of the following ways.</p> <p>Solution 4a: If the compliance responsibility for such an FIR transfers to the buyer include that FIR on a Related Incidents Transferred list.</p> <p>Solution 4b: If the compliance responsibility for such an FIR is retained by the seller include that FIR on a Related Incidents Not Transferred list and provide a Seller Retains Responsibility Attestation.</p> <p>If the parties perform the research and determine that all corrective actions for a particular FIR have been resolved, that FIR does not need to be listed on the Form 9 but will be subject to Rule 218.d(1)D.iii.</p> <p>For both Problems 3 and 4 the lists include Unresolved Spill/Release. If the Spill/Release is closed, the COGCC does not require that the Spill/Release be transferred. It is up to the operators to determine whether or not they should be transferred. All revised and new documents can be emailed to me and I will upload them to Subsequent #402891752.</p> <p>Please reach out with any questions.</p>	04/01/2022
