Corrective Action:

Date: 11/14/2022

Comply with Rule 1004.a to recontour the tank battery portion of the location.

Reseed disturbance areas using a seed mixture requested by the surface owner, or a mixture prescribed by the local county NRCS. Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of reference area levels. Ensure erosion controls are implemented to stabilize the seeded soil. Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management.

Final reclamation activities shall be complete no later than 11/14/22 or as soon as environmental conditions will permit.

Response: CA COMPLETED

Date of Completion: 04/20/2023

Operator Comment: KMOG has consulted with the surface owner, Community Development Group of Colorado, regarding future land use on the former Erie Mine. CDG informed KMOG that the mine itself was never reclaimed by the former owner, Union Pacific Railroad Company, at the time CDG purchased the parcel. CDG has Proposed Filing 10 Final Plat for construction of a subdivision on the property, which includes extensive change in grade and drainage to accommodate residential development, and has requested that KMOG not perform grade/re-grade of the former oil and gas site at this time. KMOG will continue to monitor and maintain the UPRC 33-1M reclaim in its current state and grade until unaffiliated development supersedes the area.
