General Comment:

On 4/17/2023, Reclamation Specialist Trujillo conducted an interim reclamation and stormwater inspection at Caerus Piceance LLC's Hyrup-68S96W/2NWSE location in Garfield County, Colorado.

The following compliance issues were observed during this inspection:

- Stormwater; Pad, Access Road, Slopes lacks stabilization
- Weed debris
- Wind indicator safety equipment

Refer to the "Location", "Reclamation" and "Stormwater" sections of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspections that have not been addressed are still applicable.

A follow up inspection on this site will be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.

TOTAL % OF DESIRABLE VEGETATION COVER _____

VEGETATIVE COVER _____

1003 f. Weeds Noxious weeds? _____

Comment Interim areas not reasonably needed for production have been reclaimed. Perennial establishment evident, however it was observed that vegetation on the interim areas appears to be predominantly undesirable plant species and not reflective of the adjacent reference area. Additional revegetation activities may be necessary to ensure site meets 1003 standards.

Continue to monitor and manage interim areas. Submit Form 4 once the site meets 1003 standards.

<p>Comment:</p>	<p>It was observed in this inspection that stormwater and erosion control BMPs at the Location and access road are missing or insufficient.</p> <p>-BMPs missing at the cut slopes of the Location and access road; slopes bare/exposed; erosion/degradation evident.</p> <p>-Working pad surface lacks stabilization; tracking controls not observed at Location/Location entrance. BMPs to stabilize, as well as to minimize tracking and off-site sediment transport during wet conditions are missing or insufficient..</p> <p>-Access road lacks stabilization during wet conditions; rutting/degradation evident.</p> <p>Regrading activities alone will be inadequate</p>	<p>Date: 04/23/2023</p>
<p>Corrective Action:</p>	<p>Comply with Rule 1002.f; install or repair required stormwater and erosion control BMPs in accordance with good engineering practices. Ensure BMPs are maintained in proper functioning condition.</p>	
<p>Pits: <input type="checkbox"/> NO SURFACE INDICATION OF PIT</p>
