Notes

All locations are approximate unless otherwise noted.

Soil and soil vapor screening locations may be adjusted based on field observations.

Additional samples may be collected if impacted soils or groundwater are encountered during closure activities.

Other observations regarding tanks

Summary

Was impacted soil identified?

Total number of soil samples field screened 6

Total number of soil samples collected 6

Highest PID Reading 6.5

Total number of soil samples submitted to lab for analysis 3

Was groundwater encountered during the investigation?

Measured depth to groundwater

Was remedial groundwater removal conducted?

Date Groundwater was encountered

Commencement date of removal

Sheen on groundwater?

Free product observed?

Volume of groundwater removed prior to sampling

Volume of groundwater removed post sampling

Total volume of groundwater removed

Total number of groundwater samples collected

Total number of groundwater samples submitted to lab for analysis

Good afternoon,

We identified a state reportable release following the identification of historically impacted soil of an unknown volume. This release was not an active release. A Form 19 Release Report is forthcoming. This release did not threaten Waters of the State, Public Water System, residences or occupied structures, livestock, wildlife, air quality, or publicly-maintained roads.

The following have been notified via specified method below:

- Weld County contacted via electronic mail
- Surface Owner notification in process

The Environmental Release/Incident Report Hotline and Colorado Parks and Wildlife were not contacted as this release did not trigger notification requirements per 912.b.(2)B.

Location Details:

- Facility Name: UPRC H17-99HZ O SA
- Location: SWSW 16 3N 65W
- Latitude/Longitude: 40.220815/ -104.677426
- Facility ID: 310674

Please let me know if you have any questions.

Thank you,

Ariana Ochoa
