Mr. Jim Mckee *Jim*

Dear Jim,

My Bid to do the work on the 3 Lemon wells in Jackson County near Walden, Dowdell #1 & #2 & Oddfellows #3.

My bid will be \$6500.00 per well to P&A the wells as required. It would cost an additional \$4000.00 to remove & store the equipment from the leases. We would have to decided on a location for the equipment as i could move it to my Craig yard. Since we are still in the Steamboat area I feel we could get right on this.

If this does not meet with your approval please let me know.

Have not contacted you on the Joe Doyle well as the Rancher did not want us in there due to the mud. We are waiting for it to freeze.

My suggestion on it would be to set a plug on top of the 7" casing stub as I don't think we can get in it. A plug in & out of the bottom of the surface & a plug at the surface. Cut off & weld a plate over the surface.

Will call to get your approval on the Joe Doyle well if it looks like we can get to it. Also will check with you on the Walden wells.

Sincerely,

*William J. Rippy Jr.*
