**General Comment:****COGCC Inspection Report Summary**

On Wednesday, 4/26/2023, Inspector Kirby Burchett, conducted a follow up field inspection at Scout Energy Management LLC on the A.C. McLaughlin 71X well, Location #315321, in Rio Blanco County, Colorado.

This location is within or in close proximity to a Parks and Wildlife (CPW) District with High Priority/Density Habitats.

Any Corrective Actions from previous Inspections are still applicable.

Follow up inspection in response to FIRR #403372179 submitted by Operator for Corrective Action from Inspection #702501092 on 4/5/23.

While there during normal production operations the following compliance issue was observed:

1. Blading of location and access roads does not address Stormwater BMPs needing to be implemented and maintained to control potential sediment discharges from operational roads, well pads, and other unpaved surfaces.
- Refer to Inspection Photos for observed compliance issues.

A follow up on this site inspection will be conducted to ensure all compliance issues have been corrected to comply with COGCC rules.

|                  |                 |                         |                       | Material Handling And Spill Prevention |                          |  |
| Ditches          | Fail            |                         |                       |  |                          | Full of sediment, erosion on to location |

Comment: Insufficient BMPs to prevent vehicle tracking and the control of potential sediment discharges from operational roads, well pads, and other unpaved surfaces.

Corrective Action: Provide proper BMPs to prevent vehicle tracking and to control sediment migration from location and lease road.

Date: 05/26/2023

**Pits:** ☒ NO SURFACE INDICATION OF PIT
