2 CA# 168155

Corrective Action: Comply with Rule 606.c. to keep the location free of all undesirable plant species. Note- it is COGCC's expectation that some of these areas will be reseeded with perennial vegetation that would out compete the weeds and it also serves to stabilize the soils. Since reseeding is a potential option, COGCC is allowing for favorable environmental conditions to reseed but it shall be completed as soon as possible but no later than May 1, 2023.

Date: 05/01/2023

Response: CA COMPLETED

Date of Completion: 04/26/2023
