CORRECTIVE ACTIONS:

1 CA# 168158

Corrective Action:

Date: 05/01/2023

Comply with Rule 606.c. to keep the location free of all undesirable plant species. Note- it is COGCC's expectation that some of these areas will be reseeded with perennial vegetation that would out compete the weeds and it also serves to stabilize the soils. Since reseeding is a potential option, COGCC is allowing for favorable environmental conditions to reseed but it shall be completed as soon as possible but no later than May 1, 2023.

Response: CA COMPLETED

Date of Completion: 04/29/2023

Operator Comment: The Silverton 4 North location was interim reclaimed from 4/10 - 4/28/2023. While performing interim reclamation, the entire perimeter of the location, including the topsoil pile, was mowed, reseeded, and crimped with straw. The attached pictures taken 4/29/2023 detail this work.
