Dear Mr. Connelly:

On September 4, 1986, you wrote advising the well was to be plugged and the plan for plugging approved. This letter is to advise that we still have not received a Completion Report (OGCC Form 5) for this well.

Please submit this report as well as either the final plugging report (OGCC Form 4) with a cement verification or proposed date of plugging, by November 15, 1986, or an explanation why you can not do so.

Very truly yours,

*William R. Smith*
