RE: #2-16 State  
NE NE 16-6N-90W

Dear Mr. Newell:

On October 18, 1985, Trend advised the Commission that they wished to withdraw the application to complete the subject well as a saltwater disposal well and cancel the hearing scheduled for October 21, 1985.

On the basis of our conversation today and your statement that a full string of casing is in the well my main concern of possible pollution has been alleviated. As soon as your situation has settled please file an OGCC Form 5, Completion Report, on the well and a plan for plugging and abandonment if that is what you anticipate doing. If you have any questions, please contact me.

Very truly yours,

*William R. Smith*

William R. Smith, P.E.
