Re: #2-16 State

Dear Mr. Rogers:

On April 1, 1986 I wrote to Trend Exploration requesting an OGCC Form 10 - Certificate of Clearance and an OGCC Form 5 - Completion Report. On April 10, 1986 I received the Form 10 indicating Adobe Resources as the new operator. No Completion Report or other information regarding the status of the well was received.

An application to complete the well as a salt water disposal well was received on September 11, 1985, protested by Mr. Mike Voloshin and subsequently the application was withdrawn on October 18, 1985. It had been previously indicated by Trend that efforts to complete the well as a producer had failed.

Please advise this office, by August 31, 1986, of the status of the well and what your plans are for using or abandoning it. I will look forward to receiving this information so that I can report to the Commission in September.

Yours very truly,

William R. Smith
