**Subject:** Neighbor notices

All,

Just wanted to let you know I left a message with KC Burke and spoke with Chuck Whiteman (mahogany) notifying them of the release at LOV Ranch. I also left a message with Mantles (Lessees on our surface). Every landowner downstream has been notified.

I spoke with Neal Brennan with LOV Ranch and he does not believe the deceased cow upstream had anything to do with the release but drowned earlier.

Please let me know if anyone hears from neighbors or Lessee's on any further issues.

Good work out there and keep fighting the good fight!

John A
