Inspection Photos

Location Name: Little Lady 21/North Well Pad

Location ID: 462908

Photo 1. Photo taken from the southeastern location, facing North. Photo illustrates interim reclamation has been performed; however, interim reclamation is not complete due to the lack of soil stabilization. It appears that straw mulch was crimped but blew away in a dust storm.

Photo 2. Photo taken from the southeastern location, facing Northeast. Photo illustrates the what appears to be the straw mulch that blew away in a dust storm.
