Operator Comment: Location was bladed and compacted. The landowner is the BLM, and they have previously expressed that they do not want to pull back the slopes farther, as would need to be done to address further stabilizing the slopes; in order to do this, we would have to go through the NEPA process and get approval from the BLM. We do have a plan in place to maintain the foot of the slope should any sediment fall down. See photos of grading/blading/compaction.
