Commission**

Department of Natural Resources

Photo 1. Close up photo of undesirable species (e.g. kochia) observed throughout the interim reclamation areas. The Operator will need to manage the location for undesirable weed species during the growing season.

Inspection Photos
Location Name: Razor 27K-3407A
Location ID: 431782

Photo 2. Southern portion of location. Degraded straw wattles are now considered debris and will need to be removed.

Inspection Photos
Location Name: Razor 27K-3407A
Location ID: 431782

Photo 3. Southern interim area. The interim areas are not progressing towards reclamation standards with evidence of non-uniform vegetation cover resulting in areas of bare soil and undesirable vegetation (e.g. kochia) was observed growing throughout. Additional reclamation activities are required in order to meet Rule 1003 standards.
