Comment:

There was unused materials near the wellhead, Inspection doc #697504507 required the unused materials be removed per 606.a. At a follow up inspection (please reference Inspection doc #697504603), the inspector noted "inspection with the Operator on 4/12/23, it was stated that this would be equipment used to build a shed." The shed has since been built and all other unused materials have been removed.
